Sweetwater Catering Policies

Guaranteed Guest Count

Sweetwater requires the final guest count no later than seven days prior to your event.

Catering Contract

The Catering Contract will be sent to the client after general details and/or the Menu has been decided. A deposit is typically required to be returned with the contract.

Billing Procedures

We require the final payment seven days prior to your event date. Cash or checks are preferred.

Staffing

Please see your Good Faith Estimate for staff charges. Staff member pricing is based on the event time listed.

Decorations

Sweetwater Catering provides elegant presentations that often include our décor. Fresh floral arrangements are not included in the catering package. Decorative linens for the buffet, ceramic white trays, chafers, etc. are included in most catering per person costs. If you provide personal belongings, please bring them in a labeled box no sooner than one day prior to your event. You are responsible for collecting these items at the end of the event. Please contact your Event Director for additional rentals and service options.

Rentals

In most cases, basic rentals are not included in the catering cost including: linens for the bar and other tables, china plates, silverware, glassware, etc. Pricing for these items are listed on the Good Faith Estimate.

Leftover Policy

In accordance with food safety guidelines, food must be kept at proper safe serving temperatures. If food is displayed for too long it may become unsafe to eat. Sweetwater staff will remove food from serving tables once this threshold is reached to ensure guests are not exposed to unsafe food. Please arrange with your Event Director if you would like food boxed up prior to this time. If to go boxes are needed for the event, please arrange these with your Event Director.

Service Charge

To ensure that our guests receive the best service and the utmost enjoyment during the event, an 21% service charge will be added to all food and beverage items.

Please note: Prices are subject to change. Some menu offerings may depend upon seasonal availability. Gas surcharges may apply. Most prices included are per person unless otherwise noted.

Sweetwater Beverage Services

Bartending Services

Sweetwater typically provides ice, coolers, silver buckets, ice scoop, appropriate chilling of alcohol, beer & wine openers, dispensers of non-alcoholic options, set up, service and break down. Glassware (pilsners, champagne, rocks, pint and wine glasses) and linens are available. Sweetwater provided cash and post-billed bars are available.

Beverage Stations

Sweetwater typically provides ice, silver buckets, ice scoop, dispensers of iced tea, water, punch and/or lemonade options, set up and break down.

Tableside Wine Service

Sweetwater can provide additional staff for a formal service of tableside wine. Wine glasses should be rented for this service. Open bottles of wine can be placed at each place setting if the venue allows for it. Corkage fees may apply or additional staffing may be needed.

Champagne Toast

Sweetwater can provide additional staff for a passed champagne toast. Champagne glasses should be rented for this service. Corkage fees may apply or additional staffing may be needed.

Coffee Service

Sweetwater provides Regular and Decaf Coffee, Sweeteners and Cream. Hot Tea service also available. Coffee can be stationed or served tableside.

Light Hors D'oeuvres

Typically comprised of 2-3 hors d'oeuvres items for a "cocktail hour" before a seated dinner or heavy hors d'oeuvres buffet. Please see Pages 7-10 for a listing of these options.

Heavy Hors D'oeuvres

This food style typically feeds like a full meal and offers a variety of menu items which are all prepared to be mobile for a mingly style of party, i.e. bite-sized, skewered, food stations, etc. This is the most visually appealing type of buffet.

Small glass plates, small silver forks, steak knives and paper napkins are available on the buffet and all beverages are procured at the bar. This allows for limited seating and promotes mingling. It is standard that we prepare a full meal's worth of food. Typically, a Heavy Hors D'oeuvres Buffet is comprised of 7-8 items. Our Menu Coordinator will help you plan the perfect Menu while staying within your budget.

Full Service Heavy Hors D'oeuvres

We are happy to add the formality of having all of your guests seated at a fully set table including silverware, linen napkins, and tableside carafes of Iced Tea and Water.

Formal Buffets

<u>Service</u>

The Buffet Line is attended to by experienced SWB wait staff who pleasantly explain the evening's choices and serve your guests at the Buffet Line for full service.

Efficiency

Sweetwater's dinner buffet lines are typically "double ended", for guest counts of 60 and above, with a duplicate menu on each side to offer faster service to you and your guests. Table assignments, table numbers or place cards are not necessary for this dinner option; however, we do recommend assigned seating for your guest's convenience. If assigned seating is not provided, there may be additional charges for extra place settings and seats. Please contact your Events Director for suggestions.

Coordination

Sweetwater will coordinate with your DJ or Band to announce food service at the correct times and release tables. Out Banquet Manager and Staff will then guide a few tables at a time through the buffet line to eliminate guests standing in a long line.

Quantity of Selection

Please know that a buffet with two meat entrée option will provide over 50% of the final guest count of each entrée, a three meat entrée offers over 33% of the final count and so on. Buffet dinners at Sweetwater are not set up as an "all you can eat" buffet. If you would like to provide more of any one item, please advise your Catering Coordinator or Events Director.

Sweetwater Plated Meals

For the most formal dinner option, Sweetwater recommends choosing a plated meal to be served tableside.

Service

It is important to decide your menu options with our Catering Coordinator before sending out your invitations so that guests can select their entrée ahead of time. Sweetwater requires an entrée RSVP prior to the event and place cards to ensure all guests are served their entrée of choice.

Efficiency

Served meals typically take less time for service than a buffet meal if all guests are served the same dish. Multiple entrée options are preferred for most events, but may take slightly more time.

May I have a Tasting to try my food selections?

Yes, we are happy to have you try your food selections for a tasting fee. Please plan to schedule your tasting after you have met with the Menu Coordinator to plan your menu. Please consult the Event Director or Menu Coordinator for **pricing** information. Since we are not a restaurant, our Chef will have to order and cook for you privately. Please note that your tasting will need to be coordinated with the Chef and our scheduled Events. Tastings are not available on the weekends.

Please call or email us to discuss our services further. We pride ourselves on great food, wonderful service and flexibility. We welcome your questions and suggestions, and we look forward to serving you.

Thank you!
